

A photograph of two young children in a classroom. In the foreground, a young girl with dark hair tied in a bun is smiling and holding her hand to her mouth. In the background, another young girl with blonde hair is smiling. The text "myplace" is overlaid in the top center.

myplace

Growing together

A place where learning begins
with care, curiosity, and confidence

Who we are

We are a community of educators dedicated to creating nurturing environments where children feel safe, supported, and encouraged to explore the world around them.

At MyPlace, we believe early childhood is the foundation for everything that comes next.

Every day, we focus on building strong emotional, social, and cognitive foundations through meaningful experiences.

Our learning centers in Katy are designed to feel welcoming, engaging, and intentional spaces where children grow with confidence and families feel supported.

How children learn at MyPlace

At MyPlace, learning is hands-on and play-based, encouraging children to ask questions, explore ideas, and make sense of the world through experience.

Our approach supports the development of critical thinking, creativity, and problem-solving skills from an early age.

We believe learning should feel meaningful, joyful, and connected—helping children build confidence in themselves and their abilities.

Our approach is rooted in:

- Hands-on, experiential learning
- STEAM-based exploration
- Play as a powerful learning tool
- Social and emotional development

Children learn best when they feel safe, curious, and actively involved.

Programs designed to grow with your child

We offer age-appropriate programs that support each stage of development, from infancy through school age.

Infants

A nurturing environment focused on safety, bonding, and early sensory experiences.

Toddlers

Encouraging independence, language development, and exploration through play.

Preschool

Building early academic skills, social confidence, and curiosity through structured learning and creativity.

Growing together

Pre-K & Kinder bridge

Preparing children for school readiness with a focus on problem-solving, collaboration, and confidence.

Before & After School Programs

Supporting school-age children with enrichment, structure, and meaningful activities beyond the classroom.

Enhancement

Enrichment beyond the classroom

Our enhancement programs add value to the daily learning experience by supporting the whole child: mind, body, and communication.

Sign Language

Helping children express themselves, build empathy, and strengthen early communication skills.

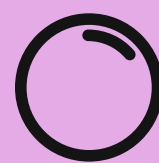

Spanish Exposure

Introducing children to new sounds, words, and cultures through playful, age-appropriate experiences.

Music & Movement

Encouraging creativity, coordination, and joyful self-expression through rhythm and movement.

Tumble and Rumble

Developing balance, strength, and body awareness through active, confidence-building play.

These programs are thoughtfully integrated into our curriculum to support growth in a fun and engaging way.

What makes MyPlace different

At MyPlace, we focus on creating meaningful experiences that support both children and families.

- Experienced and dedicated educators
- Consistent care across our learning centers
- Strong communication with families
- Hands-on, STEAM-based learning
- A warm, welcoming community

We partner with families to create an environment where children feel valued, supported, and excited to learn every day.
